Re: Southwest Festivals, Inc.
TCEQ Docket NO. 2006-2027-MWD

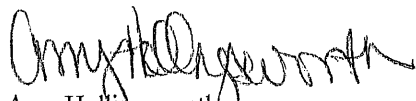

Dear Ms. Castnuela:

I am submitting my response to the filing of the Public Interest Counsel's Response to Requests for Hearing in the above-entitled matter. The response stated that the proposed irrigation fields are located in the drainage basin of South Prong Creek in Segment No. 0816 of the Trinity River Basin. It was not established in the response that South Prong Creek was located behind my home at 1037 Waterford Drive, Waxahachie, Texas 75167. Upon further investigation, I found that South Prong Creek is located behind my home and that I would be an affected person in regards to this proposed pond system for waste disposal. Another issue is the odor that would be caused by the waste disposal site. Although, I am out of the 500 feet buffer zone, that would be is perfect conditions, and probably unlikely to occur on a regular basis. There is also the city waste water facility on Howard Road in Waxahachie and the odor from that waste water facility can be detected far beyond a 500 foot buffer zone. With conditions of wind, extreme heat and substantial rainfall would cause problems for my property. This would make my husband, my child and myself effected people due to the fact that on a realistic day my use and enjoyment of our property would be affected, whether it is from odor, our health in regards to inhaling waste fumes, and contamination in the creek behind our home or other issues not yet addressed.

I am also responding to a letter from Coy Sevier from Southwest Festivals, Inc. wherein he discusses the answer and question meeting that I was not informed of the meeting and upon reading the responses to the issues raised, I still would not have signed off on the proposed permit. I am extremely concerned that this waste treatment would not only affect my family's health, our property and our enjoyment of our home, it would also affect our property value should we ever decide to sell our home.

Please take into consideration all my issues when making your decision regarding my request for a hearing. Thank you for your time.

Sincerely,

Amy Hollingsworth
